

GrabnGo Supply Co.

Smart vending, zero cost to you.

AI-powered grab-and-go
coolers for the places your
people already are.

WHY IT MATTERS

Your people want snacks & drinks — right there, right now.

**Break rooms fall short**

Empty vending, stale options, cash-only machines that eat dollars and jam.

**People leave to buy**

Residents, guests, and members walk off-site for a drink — and take their time (and money) with them.

**You don't want the hassle**

Running vending yourself means stocking, cash, and repairs. Nobody has time for that.

HOW GRABNGO WORKS

Walk up. Tap. Grab. Go.

- 1 Tap to unlock**
Members tap a card or phone — Apple Pay & Google Pay. No app, no PIN, no cash.
- 2 Grab what they want**
AI cameras see what's taken — cold drinks, snacks, protein, healthy options.
- 3 Close & go — auto-charged**
The door closes and charges automatically. Seconds, not a checkout line.

WHY HOST WITH US

A premium amenity — and we do all the work.

\$0

Zero cost to you

We own the machine and install it free. You provide the spot and a standard outlet.

We handle everything

Delivery, stocking, restocking, repairs, and payments — all on us, monitored remotely.

%

You can earn

Share a percentage of sales, or simply offer it as a free perk. Your call.

24/7

Always-on convenience

LET'S DO IT

30-day free trial · no cost · no contract

Let's put one in your space.

We'll install it free, stock it, and if your people don't love it, we pull it out — no charge.
